Dear Sir/Madam:

Pursuant to the Court Order regarding the production of original x-ray films, we are in the process of obtaining the films in order to send them to your facility.

Attached you will find a number of lists detailing our progress in this process.

**Exhibit 1:** List of those clients we have obtained the original films and have sent out for copying. Upon their receipt, we will forward you the films and the appropriate certification with a bill for the copying charge.

**Exhibit 2:** List of those clients for whom we have requested x-ray films from the facilities that have the films in their possession and the names and locations of those facilities. Upon their receipt, we will send them out to be copied and send the copies and certification, with the bill, to your facility.

**Exhibit 3:** List of those clients for whom we did not have a HIPPA compliant medical authorization on file. For these clients we have sent them a medical authorization to sign and upon its receipt we will order the film from the facility.

**Exhibit 4:** List of those clients for whom we had previously requested films for and the facility that held the films notified us, either by phone or mail, that the films were destroyed or no longer existed. For those notifications that came via mail, we have also attached that letter.

**Exhibit 5:** There are two clients that we had previously submitted Questionnaires for and thus are required to submit x-ray films for that are either closed or are no longer our client. For these clients we are not able to obtain an authorization or their original films.

If you require anything else on this matter, or have any questions, please contact our office at the above number.

Thank you.

Sincerely,
